

SUBHALAYA C

TECHNICAL BUSINESS ANALYST | ERP · CRM · EHS SOLUTIONS

INDIA → OPEN TO RELOCATION ACROSS EUROPE

Technical Business Analyst with hands-on experience in the delivery of ERP, CRM, and EHS solutions in international projects. Proven expertise in Requirements Engineering, BRD/FRD/SRS documentation, and end-to-end Agile/Scrum delivery. Proficient in Power BI, SQL, JIRA, Confluence, and Azure DevOps. Strong Stakeholder Management and cross-functional collaboration skills. English C2, German A1 (actively improving to B2/C1) — open to immediate relocation to Germany, the Netherlands, or the rest of Europe.

Core Competencies

Four pillars of enterprise-grade technical delivery—from requirements engineering through to live system deployment.

Requirements Engineering & Documentation

BRD/FRD/SRS documentation, User Stories, Acceptance Criteria, and traceability matrices for enterprise-scale ERP and CRM deployments. 100+ User Stories created in JIRA with 100% requirements traceability.

Business Process Architecture & Analysis

BPMN 2.0 workflow modelling, AS-IS/TO-BE mapping, and Gap Analysis to eliminate bottlenecks and drive process optimisation across multi-module systems. Conducted enterprise-level GAP Analysis across real estate and healthcare domains.

System Integration & Data Analytics

REST/SOAP API specifications, SQL queries, JSON/XML data mapping, and data modelling for .NET backend enterprise core systems. Built Power BI KPI Dashboards; reduced manual reporting by 5 hours/week.

Agile Delivery & Stakeholder Management

Sprint Planning, Backlog Refinement, UAT coordination, and test case management across JIRA and Azure DevOps. Managed 300+ test cases; coordinated UAT and sign-offs for 15+ stakeholders across 200+ end-users.

PROFESSIONAL EXPERIENCE

Business Analyst | ZinfogCodelabsPvt Ltd (May 2025–Present | Kerala, India)

Requirements Engineering&BPMN2.0 processmodellingfor Odoo ERP(4modules: Sales,CRM,HR, Inventory). Created100+ User Stories in JIRA; led Sprint Planning with team of 6. Built Power BI dashboards; reduced manual reporting by 5 hrs/week. Coordinated UAT for 200+ users and 15+ stakeholders.

Technical Business Analyst | Ardhas Technology India Pvt Ltd (May 2024–Mar. 2025 | Tamil Nadu, India)

Delivered BRD/FRD/SRS across3 clientdomains(ERP,healthcare, realestate). Facilitated 10+stakeholderworkshops.Created 300+ test cases in Azure DevOps; achieved release sign-off ahead of schedule. Produced executive dashboards via Power BI & SQL.

Business Analyst Intern | Ardhas Technology India Pvt Ltd (Nov. 2023–Apr. 2024 | Tamil Nadu, India)

Requirementsdocumentation,BPMNprocessmapping,andUATcoordinationacross2deliveryteams.Supported.NETteams on API integrations and system rollout training.

ENTERPRISE REQUIREMENTS, PROCESS ARCHITECTURE & SYSTEM INTEGRATION

Requirements & Process Architecture

- 100+ User Stories in JIRA with 100% traceability; 300+ test cases reducing defects by 35%
- BPMN 2.0 AS-IS/TO-BE workflows for Odoo ERP (Sales, CRM, HR, Inventory); eliminated 3 bottlenecks, cut onboarding time by 40%
- Enterprise-level GAP Analysis across real estate and healthcare; translated workflows into .NET technical specs

System Integration & Data Analytics

- Power BI KPI Dashboards via SQL; saved 5 hrs/week, enabled real-time executive decision-making
- SQL, data modelling, JSON/XML, REST/SOAP APIs; reduced data reconciliation errors by 60%
- Coordinated UAT and sign-offs for 15+ stakeholders and 200+ end-users; on-time delivery across all sprints

Enterprise Project Highlights

Odoo ERP Implementation (2024–2025 | 8-month)

4modules (Sales,CRM,HR, Inventory) for 200+ end-users. Documented requirements, produced BRD, coordinated UAT and end-user training. Led Sprint Planning for team of 6.

DLF Limited & Nakheel Group (2023–2024 | 12-month)

Realestate ERP across 15+ locations. Requirements gathering, BPMN 2.0 workflow mapping, GAP Analysis. Assisted API-based system integrations and data validation.

Mediclinic Group (2024 | 6-month)

Healthcare compliance documentation for 50,000+ patient records. Requirements gathering, process documentation, stakeholder validation for regulatory alignment.

Languages & Certifications

English: C2 Proficient (CEFR) | Business Fluent | EF SET Verified

German: A1 (CEFR) | Actively improving to B2/C1 — Goethe Institut

Certifications: EF SET C2 · Goethe-Institut B2/C1 (In Progress)

Tools & Tech: JIRA · Confluence · Power BI · Azure DevOps · MS Visio · Odoo ERP · SQL · BPMN 2.0 · REST/SOAP APIs · JSON/XML

EDUCATION & TECHNICAL SKILLS

Education

PostGraduateDiplomainComputer Application (PGDCA) — Chinmaya Mission College, India

Bachelor of Science – Mathematics with Statistics & Economics — University of Calicut, India
